Full Name (First & Last)

Address

Phone

Desired Date(s)

Complete the form, cut on the dotted line to the right, and mail to:

Merrimack County Conservation District
10 Ferry Street, Suite 211
Concord, NH 03301

The Merrimack County Conservation District (MCCD) is a non-regulatory public agency that works in partnership with the USDA Natural Resources Conservation Service (NRCS) to help land owners and users in Merrimack County manage their soil, water, forest, and other natural resources.

We serve residents, town officials, educators, members of nonprofit organizations, and others in the 27 towns that make up Merrimack County.

MECHANICAL SOIL AERATOR

Merrimack County Conservation District

*Conserving the natural resources and
cultural heritage of Merrimack County*

OTHER RENTAL EQUIPMENT

- Compact Constant Head Penetrometer (aka Amoozemeter)
- Narrow Ash Wood/Lime Spreader
- Skidder Bridges (16' & 20')
- Soil Penetrometer

If interested, please contact the District at (603) 223-6020 or info@merrimackccd.org.

SOIL AERATION INFORMATION

The mechanical soil aerator is designed to alleviate soil compaction, improve nutrient retention, and promote root growth.

The aerator mechanically removes small cores of soil which reduces water requirements and the chances of water run-off in the fields.

When soil is compacted, it is harder for plants to establish a healthy root system and limits the movement of air, moisture, and fertilizer through the soil.

MECHANICAL SOIL AERATOR RENTAL

Demand for the aerator has been higher than expected.

If interested, please contact the District at (603) 223-6020 to be placed on the waiting list.

RENTAL RATE

\$100 rental fee

\$10/acre for each additional acre over 10 acres
