Merrimack County Conservation District  
10 Ferry Street, Suite 211  
Concord, NH 03301

The Merrimack County Conservation District (MCCD) is a non-regulatory public agency that works in partnership with the USDA Natural Resources Conservation Service (NRCS) to help land owners and users in Merrimack County manage their soil, water, forest, and other natural resources.

We serve residents, town officials, educators, members of nonprofit organizations, and others in the 27 towns that make up Merrimack County.

## ESCH 5610 NO TILL SEED DRILL

---

## Merrimack County Conservation District

*Conserving the natural resources and  
cultural heritage of Merrimack County*

## NO TILL SEED DRILL INFORMATION

The ESCH 5610 no till seed drill is a tow behind unit with a planting width of 9'7" and row spacing of 5.5".

The machine creates narrow openings in the soil so that the seed can be drilled in to the desired depth. Both the seeding depth and seeding rate can be adjusted to suit a variety of crops.

No-till planting eliminates the need for tillage, improves soil health, and mitigates the effects of severe rains resulting in sediment run-off.

## NO TILL SEED DRILL SPECIFICATIONS

- Planting Width: 9'7"
- Row Spacing: 5.5"
- Can be adjusted to 11" row spacing using covers on every other row
- Adjustable seeding rate via variable speed gearbox
- Seeding depth adjustable with T handle
- 400 lb of down force per row standard
- High speed drill at 8mph
- Can be folded for transport
- Weight: 5500lbs
- Transport Width: 12'1"
- Requires at least 60Hp tractor weighing 6000lbs or more
