

MERRIMACK COUNTY Local Food GUIDE

2022

WELCOME TO THE 2022 MERRIMACK COUNTY LOCAL FOOD GUIDE!

The Merrimack County Local Food Guide is a free publication designed to make it easier for consumers to support local agriculture by purchasing products grown by farmers right here in our county!

Merrimack County farmers are a very important part of our environment and our local economy. These are the days when the hard work of Merrimack County farmers comes to fruition. Farmers and conservationists have worked hard to create the thriving agricultural system that we have today. When farmers aren't cultivating or harvesting their crops, they're contributing to the local food movement through farmers' markets and community building events like NH Maple Weekend and Old Home Day celebrations.

Merrimack County is lucky to have such a diverse agricultural community, from backyard farmers selling vegetables and fresh eggs roadside, to larger productions that supply products like fermented vegetables, leg of lamb or 100% grass-fed beef to local stores, restaurants, and farmers' markets.

As a "thank you" for all of the hard work that so many people put into the local food movement in New Hampshire, Merrimack County Conservation District is proud to present the 12th annual Local Food Guide in an effort to educate the public about the availability of our local bounty.

Our town-by-town farm list will help you find the farms and farmers' markets in your area!

We encourage you to safely meet local farmers on their farms or at farmers' markets. Challenge yourself by trying new foods or venturing out to visit a new farm! As you do so, please keep your safety and the safety of others in mind.

Merrimack County has a strong agricultural community to be explored. Plus, don't forget to thank our advertisers for their support of the Local Food Guide! Without them, this would not be possible.

When you buy local food, you aren't just making a simple purchase. You are supporting a way of life that embraces a stronger environment for future generations, helping your local economy, and helping family farms to thrive.

We look forward to seeing you at the farms and markets!

The Board, Staff, and Volunteers at the Merrimack County Conservation District

Merrimack County Conservation District would like to thank our 2022 local food sponsors! Their support makes this publication possible and allows us to continue supporting the local food system with our programs. Many thanks to:

Our Farmers

Farming in Merrimack County

A Town-by-Town List of Our Local Farmers!

Merrimack County Conservation District has worked with local farmers to conserve natural resources since our formation in 1946, but farmers have been cultivating the valleys and fields of New England since before the arrival of European settlers. We are a proud part of this rich story. Below is a list of current farms, their contact information, and brief (but delicious sounding) descriptions of all of their products.

Food For Thought

Merrimack County Conservation District is proud to have partnered with several elementary schools, community based educational institutions, community gardens, and farms to grow vegetables for our community members facing food insecurity. In 2021, MCCD got a grant from the USDA Farm to School program in order to provide technical assistance to 7 schools. They also supported gardens at childcare centers as well as two community gardens in Merrimack County. Thanks to donations from LaValley Farms in Hooksett, Found Well Farm in Pembroke, Spring Ledge Farm in New London, Phoenix Farms in Goffstown, and Suncook Valley Farm Market in Barnstead, MCCD was able to deliver seedlings to each of these gardens so they could get started for the growing season.

In addition to providing technical assistance to gardens around the county, MCCD maintains two gardens to directly supply local food pantries and school backpack programs. Through a partnership with the Ken Marshall Community Garden in Boscawen, MCCD staff grow vegetables specifically to be donated to Hilda's Food Pantry at the Boscawen Congregational Church. A second partnership with Webster Ridge Farm allows MCCD staff the use of a high tunnel to grow produce for the Webster and Salisbury Elementary School Backpack programs, as well as other food pantries while school is out for the summer. Between the two gardens, over 300lbs of produce was donated last year!

Are you interested in supporting projects like these? Find out how you can help by giving us a call at 603-223-6020 or send an email to Info@Merrimackccd.org

We are a family farm raising a variety of vegetables, fruits, and herbs using Integrated Pest Management practices. Together with Little Red Hen Farm and Autumnview Farm, we offer a collaborative CSA to our community. Our apiary is in the process of expanding with the hope of being able to offer honey in 2023!

We are a traditional New Hampshire business operated on the same site for over 60 years by the Moore family. Our sugaring season begins in late February, when the warm days of approaching spring offset the chill of late winter nights. For the next few weeks, work continues at a feverish pace... tapping trees, collecting

sap, boiling, and bottling it with care, producing one of New England's purest pleasures for your enjoyment...until warmer nights signal the end of another brief sugaring season.

cattle at local fairs
during the fall season.
The other 9 months of
the year we are intensely
improving our Japanese
Wagyu herd through IVF
collection and embryo
transfer. The Wagyu
cattle have become a
passion in recent time
due to their amazing
meat quality, health
benefits of the beef,
as well as the docility
of the cattle. We are
constantly looking for
ways to improve the
utilization of our land
as well as improve the
breeds of cows that we
farm. We raise a small
flock of chickens both
for meat and eggs. We
are proud to be part
of the New Hampshire

Want to get involved in any of the programs you read about here? MCCD has volunteer opportunities! Throughout the growing season, we have farms donating crops that either need to be harvested or picked up and delivered to local food pantries, soup kitchens, senior centers, and after-school programs. Contact us at info@merrimackccd.org to find out more about this and other volunteer opportunities coming up!

Want to support our programs, but don't have the time to volunteer? Many of our programs rely on donations and fundraising including the school garden program (pg. 9), the NH Gleans program (pg. 25), and the Veteran Market Dollars Program (pg. 30). Did you know you can use your **SNAP/EBT** benefits at the farmers' markets? And you can double your money by doing so! The **Granite State Market Match Program** provides matching funds for SNAP/EBT benefits used at farmers' markets! Find the Granite State Market Match booth at the market, tell the person at the booth how much of your benefits you want to withdraw, and give them your SNAP/EBT card. They will deduct the amount you requested from your account and you'll receive \$1 tokens that can be used on any SNAP eligible items at the market. They'll also give you green tokens to match the funds you requested which can be used to purchase fresh produce. So, if you take out \$10 in SNAP/EBT funds, you'll receive \$20 in tokens! Find the Granite State Market Match Program at the following Merrimack County farmers' markets:
